Re: Illinois Commerce Commission Distributed Generation Interconnection Draft
Rule

Dear Mr. Ianello:

In response for your request for comments on the Staff's draft distributed generation interconnection rule, please find attached the comments of the Citizens Utility Board ("CUB"). CUB appreciates this opportunity to comment on the development of a standard for integrating distributed generation technology into the electric power delivery system. CUB looks forward to reviewing Staff's Report and formal draft proposed Rule in the near future.

Sincerely,

Stephen Y. Wu
Legal Counsel
